			10 - Oc	ptember	2018		
			11 - No	vember	2020		
			12 - De	cember	2021		

Add the name on the card then hit next.

Enter the expiration date and the Security Code (3 digit code on the back of the card).

Terms and conditions will be presented. Click Agree.

Card will then say activating. If everything goes well you will see a pop up that your card is now active.

Once verification has been completed, the card will look like this within Apple Pay settings

If a card is deemed invalid, it usually means that card information has been entered incorrectly. Try adding the card again, and if it still doesn't work, contact Adventure for investigation.
